† We will set your initial APR between 8.99% and 21.99% based on creditworthiness. By "non-variable rates" we mean that the APR will not automatically vary with an index, such as the Prime Rate. We reserve the right to change your APR, fees, or other credit terms at our discretion. Repayment term and payment amount are estimates which may change if, for example: we change your APR, you make late or partial payments, we assess fees, you enroll in Credit Protection, or you take additional advances. 3% transaction fee on each advance (minimum fee \$5; there is no maximum). Transaction fee is added to balance and accrues finance charges. Other fees may apply.

[^] Upon approval, we will establish your credit line based on creditworthiness. Your actual credit line could be lower than \$25,000.
